About the Talmadge Artist Tour

The Talmadge Artist Tour celebrates local creativity by featuring artists who live within the Talmadge neighborhood. Each participating artist will be located at designated homes on or near Lorraine Street. Artists are not expected to open their own studios; display spaces are coordinated and assigned by the Talmadge Artists team.

Our goal is to highlight original, handcrafted work made with care and creativity — fostering community connections while growing recognition for Talmadge as a neighborhood arts destination.

We also welcome residents interested in hosting an artist. Hosts provide outdoor display space (such as a front yard, patio, or driveway) and help make this community event possible. Please contact us if you'd like more information about hosting.

Eligibility

- Must be a current adult resident of Talmadge (boundaries to be confirmed by the committee)
- Work must be original and created by the applicant
